

CARDIOLOGY MEDICAL BILLING SERVICES

FS Medical Billing specializes and holds expertise in handling full-Revenue cycle management for medical Billing.

A medical coder should know the codes submitted are acceptable. They should also know which modifiers to use and appropriate coding.

Medicare provides a comprehensive list of procedure codes of cardiology.

A higher technical component can be a bill with a high-value code.

Sub-specialties like interventional cardiology and echocardiology increase the need for expert coders and billers.
