

RADIOLOGY BILLING SERVICES

Many specialties have their nuances. Radiology is one of them that requires specialized knowledge in Radiology medical billing. Frequent changing in coding and billing regulations make radiology medical billing more complicated. Like other hospital-affiliated specialty' billing,

Radiology billing has some unique requirements that differ from the usual healthcare medical billing. Therefore, the billing staff must know what they are doing, especially when dealing with medical billing and coding for Diagnostic Radiology and Imaging Centers.

FS Medical Billing has radiology billing staff with more than 05 years of expertise that can handle the Technical and Professional providers for Radiology billing
